WORK EXPERIENCE

NPVL LEARNING PROGRAMS CO.
UI/UX Designer, Internship/OJT Project

March 2024 – July 2024

HR EXPO & SYMPOSIUM 2024

- Developed a comprehensive website using Elementor and Wordpress for the "SEA HR Expo and Symposium 2024" conference, enhancing user engagement and providing a seamless online experience.

ALPS (ADVANCED LEARNING PROGRAMS)

- Revamped the ALPS website using WordPress, improving its visual appeal and functionality through modern design principles and user-centric features.

PROJECT EXPERIENCES

Flood-Watch: A Real-Time Multi-Platform Flood Monitoring System Using IoT with Route Information
UI/UX Designer, Document Analyst, Capstone Project

- Designed intuitive and user-friendly interfaces for the Flood-Watch system, ensuring seamless interaction across multiple platforms.
- Utilized Figma for wireframing and prototyping, incorporating user feedback to refine designs.
- Compiled and analyzed project documentation, ensuring accuracy and clarity of technical and user documents.
- Maintained comprehensive records of development progress, technical specifications, and user guides.

MaJoHa Milktea Shop System
UI/UX Designer, Information Management Course Project

- Designed an intuitive and user-friendly interface for the MaJoHa Milktea Shop System, ensuring smooth navigation and a pleasant user experience.
- Utilized Java for developing the application, ensuring reliable functionality and efficient performance.

SUKIECO: Online Shop

UI/UX Designer, Human Computer Interaction Course Project

- Designed the user interface for the SUKIECO Online Shop application, focusing on enhancing user engagement and ease of use.
- Utilized Figma for creating detailed wireframes and interactive prototypes, allowing for effective visualization and testing of design concepts.
